

DISCLAIMER

I hope to be in a better position to recommend specific Search Engine Optimization (SEO) & Search Engine Marketing (SEM) Consultant companies in the future. But, since I have never bought these services from any of them, I can only go by their forum discussions, articles, memberships in industry organizations, and self promoting web sites. This is not good enough for my personal and professional recommendation, so please don't ask me for this

.....

While my general overall knowledge and intense study of the search marketing industry started in 1997/1998, the actual day to day practice of it is what it takes to give SEO and, or SEM advice, in my opinion. So, I am not in a position to provide you with search marketing advice. I do like, however, "HONEST SEO" and "SEO 101" which I have links to in my 7/26/05 post on "CONSIDERATIONS OF BUYERS OF SEARCH MARKETING" (filed in the "Client-Buyer Advocacy" category). But, if I do give my thoughts and opinions regarding search marketing or specific SEM consultant's in this blog, I make no warranties, express or implied, regarding any of the content of this weblog.
